Subject: Draft Answers to Lane Plating CAG Info Request

John and Chris,

Please see the below draft response Kenneth and I worked on for a request received from City of Dallas via Olinka Green. Please add any edits or revisions so I can get the response out today, possibly. You can see the original request emails below as well.

Hi Olinka and the Highland Hills Community Action Committee,

I have received a few communications from Paul White regarding some questions you asked him regarding the Community Advisory Group for the Lane Plating Works Superfund site. Kenneth and I spoke with Molly Byers last Thursday, but I would like to repeat some of the information we shared then. It may be easier in the future to contact me directly as it tends to slow down the communication process. Please see the below answers to your inquiry:

1. When is the first CAG meeting?
The first CAG community meeting is potentially scheduled for late October, 2019.
2. Who are the local residents appointed to the CAG?
The final list of the CAG will be provided once all members have been confirmed. City Councilpersons from Districts 4, 7 and 9 provided two names from each district. CAG membership was also offered to representatives from state, local and non-government agencies.
3. Are there additional CAG spots open for (non-council appointed) residents?
CAG's are open to elect and remove members during the entirety of their relationship to the site.
4. Are the meetings going to be open to the public?
As CAG's are self-regulating, they have the option to meet privately or in a public setting.
5. Is there a new EPA liaison coordinating the CAG?
The first few CAG meeting will be coordinated by our contracted facilitator, Mr. Michael Lythcott. EPA will also assist with these meetings.
6. When are you going to reveal sampling results?
EPA plans to release the sampling results in October, 2019, and discuss them at the planned CAG community meeting
7. Has DISD been notified about Lane Plating?
EPA has coordinated with the Dallas Independent School District regarding site access agreements for our sampling plan.

Subject: RE: EPA Request to Join the Lane Plating Works Inc. Superfund Site Community Advisory Group

Ed,

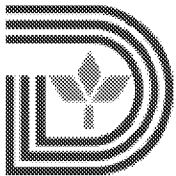

Olinka Green just called me highly upset because she has not heard from the EPA since her visit to my office on September 4th.

She heard rumors about the CAG over the weekend and wants some clarification.

If she does not get details about the CAG ASAP, she plans to have her citizen group demonstrate at the next City Hall meeting. She also plans to get DISD involved. She is upset about what she feels is a lack of transparency and urgency by the EPA. See additional issues in the correspondence below.

Please contact her soon. I plan to follow-up with her tomorrow.

Respectfully,

Paul White II, REM, CFM

Subject: RE: EPA Request to Join the Lane Plating Works Inc. Superfund Site Community Advisory Group

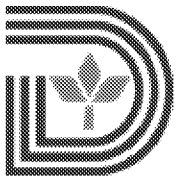

Ed,

Olinka Green just came by my office asking for CAG updates, specifically:

1. When is the first CAG meeting?
2. Who are the local residents appointed to the CAG?
3. Are there additional CAG spots open for (non-council appointed) residents?
4. Are the meetings going to be open to the public?
5. Is there a new EPA liaison coordinating the CAG?
6. When are you going to reveal sampling results?
7. Has DISD been notified about Lane Plating?

Can you give her a call? Her number is 214.625.2970

Thanks,

Paul White II, REM, CFM
